## Schedule

- Inglis and Strathclair does not have a basketball team this year which changes the organization
  - Inglis has some grade 5/6s who might be interested in exhibition games
- The schedule was created following the guidelines that the athletic association created at the Sept. meeting. However, we have more games than originally expected.
- We have 8 school teams (8 boys and 6 girls teams) which led to a divisional league (we played regionally last year). If I created a north-south schedule, each boys team would've only had 3 games; girls would've only had 2 games each.
- Each team gets 7 games, so there is an odd number of home games.
- I have tried to reverse the travel games from the last 2 years for equity.
- Please let your administrator/ staff know when the playoff date is arranged to avoid conflicts
- If a game needs to be rescheduled due to bad weather, illness, etc., please reorganize between the two schools affected and let the convenor know. I built in open dates to make up games due to illness or inclement weather.
  - Tuesday, January 30<sup>th</sup>
  - Tuesday, February 13<sup>th</sup>
  - Thursday, February 16<sup>th</sup>

## Organization

- Hosting teams should send a mini-schedule to visiting team at least 5 days in advance (schedule, canteen, special rules, etc.). I can send you an example.
- After each game, can **the host schools** please let the convenor know of the scores. This is important to rank the teams before playoffs. We haven't decided yet on a playoff format. I was thinking of waiting a month, and each school deciding on how competitive they are before making a decision. However, having schools commit NOW to hosting would certainly help.
- There is no pressing except for the 4<sup>th</sup> quarter.

- We one co-ed team which usually play against boys from other schools. However, I encourage you to contact Miniota and see if they would like to play against both of your teams (boys and girls) for more playing time.
- Quarters are usually 8 minutes long with one minute intermissions between the quarters and a 5 minute halftime. In the event of overtimes, they are 4 minutes long.
  - Regarding the schedule with Co-ed teams who have to play a back to back game, you may want to reduce the quarters of the two games to 6 minutes to avoid exhaustion
- Some teams are driving a long way so we encourage a full canteen.
- Please have qualified referees. We have many quality basketball coaches and refs in the area who can do games. If you have the ability to use high school players, I encourage including an adult on the floor to assist with calling the game.
- Put some masking tape one metre closer to the basket on free throws for grade 6s.
