Schedule

- If schools want to organize exhibition games for grade 5/6 teams, or a weaker grade 6-7 team, please email school contacts and principals and organize exhibition games (ex. Strathclair)
- We have 7 boys teams and 4 girls teams. Everyone gets three home games. There will be weeks when your girls teams do not play.
- I have tried to reverse the travel games from the last 2 years for equity.
- Please let your administrator/ staff know when the playoff date is arranged to avoid conflicts
- If a game needs to be rescheduled due to bad weather, illness, etc., please reorganize between the two schools affected and let the convenor know (you don't need my permission; just keep me in the loop). I built in open dates for make up games due to illness or inclement weather.

Organization

- Hosting teams should send a mini-schedule to visiting team at least 5 days in advance (schedule, canteen, special rules, etc.). I can send you an example.
- After each game, can **the host schools** please let the convenor (moi) know of the scores. This is important to rank the teams before playoffs. We haven't decided yet on a playoff format. I was thinking of waiting a month, and each school deciding on how competitive they are before making a decision. However, having schools commit NOW to hosting would certainly help.
- There is no pressing except for the 4th quarter.
- We have one co-ed team which usually play against boys from other schools. However, you could contact Miniota and see if they would like to play against both of your teams (boys and girls) for more playing time?
- Quarters are usually 8 minutes long with one minute intermissions between the quarters and a 5 minute halftime. In the event of overtimes, they are 4 minutes long.
- Some teams are driving a long way so we encourage a full canteen.
- Please have qualified referees. We have many quality basketball coaches and refs in the area who can do games. If you have the ability to use high school players, I encourage including an adult on the floor to assist with calling the game.
- Put some masking tape one metre closer to the basket on free throws for grade 6s.
