2022 Westman Award of Excellence Scholarship

ABOUT WESTMAN

Westman Communications Group (Westman) is a local cooperative building stronger Manitoba communities through financial aid, human resources and advanced communications services. Founded in 1977, evolving into a leading-edge telecommunications company proudly connecting Manitobans to Internet, TV, and Phone services. To this day, Westman invests each member's equity back into its operations, enabling Westman to add new services, provide local programming and employment, and generously support its members and their communities with sponsorships, scholarships and free educational television programming. For over 40 years, Westman Communications Group has been proudly supporting the development of the communities we serve. With a focus on youth, women, education and technology growth, Westman's partnerships, sponsorships, and donations help create sustainable communities across Manitoba.

PURPOSE

The Westman Award of Excellence Scholarship Program offers up to \$20,000 annually. Westman funds these scholarships to high schools in the communities we serve. Since introducing this program over 20 years ago, Westman and its members have contributed over \$450,000 toward the Westman Award of Excellence Scholarship Program. Westman's scholarship program provides our communities' future technology leaders with an opportunity to receive funding towards their post-secondary education. The Westman's Award of Excellence Scholarship was established to support the students who volunteer their time, excel in academics, and want to stay in Manitoba while pursuing education and careers that involve technology. We are proud to recognize the efforts of youth who positively impact our communities.
